

Middlefield Conservation Commission

Minutes

September 2, 2015

Middlefield Town Hall

In attendance:

Kim Baker, Chair

Mitch Feldmesser

Wayne Main

Carol Waag

Alan opened the meeting at 7:07.

We reviewed minutes for the meetings in June and July. Mitch made some changes and stressed again that the minutes should include the names of those who make and second motions.

Alan reported that a contractor called regarding proposed construction on River Road. This could trigger an RDA in the future.

Alan asked if any of the members would be interested in attending upcoming training sessions for Conservation Commissioners. We discussed the possibility of going together to the Annual convention in February and attending training seminars.

The meeting was adjourned at 7:48.
