Alan opened the meeting at 6:02.

We reviewed the minutes from the May 4<sup>th</sup> meeting. With amendments, we approved the minutes by a vote of 4-0.

Alan opened the public meeting concerning the Kamaroff project at 6:05. The contractor Bruce Kelso was in attendance. He presented the completed NOI, and other required paperwork, as well as checks from the homeowner. We reviewed the submissions and accepted them. Alan stated that Mark Stinson will be coming out west next week and will make a site visit to the Kamaroffs.

Alan stated that he and Mitch are up for reappointment in two weeks. Alan will not be continuing on the Conservation Commission. Mitch would like to be reappointed. Four people are interested in being appointed. We discussed what requirements and qualities are necessary for being on the Commission.

The next meeting will be July 6<sup>th</sup> at 6:30. Having no further business, the meeting was adjourned at 7:12.

Respectfully submitted,

Carol Waag
