Mitch Feldmesser opened the meeting at 6:03.

Skip Savery presented two paving projects to be completed this fall, on Chipman and River Roads. They come under chapter 90, and the Conservation Commission is required to sign off on these projects. He explained them and it was decided that we would visit the sites and approve it or otherwise before next Wednesday.

The minutes of 7/29/16 were accepted as written.

We have been soliciting potential members for the ConCom, and Doreen Black attended the meeting to get more information about the position. A number of applicants have expressed interest, and we are encouraging them to submit letter of interest and any other information to the selectboard, who will make the appointment.

Having no further business, the meeting was adjourned at 6:39.

The next meeting will be on September 21<sup>st</sup> at 6 PM to confer about the highway department project. The following meeting will take place October 5<sup>th</sup> at 6PM.

Respectfully submitted,

Carol Waag
